

I am writing in regard to the petition by the CBA requesting that the federal "established business relationship" exemption be allowed in Indiana. I am opposed to this petition. I feel it will weaken Indiana's law and I do not want businesses to be able to call me whenever they want without my permission. The telephone privacy laws have eliminated unsolicited telemarketing calls to my home and I praise all who were involved in making that happen. Businesses have a multitude of other ways to contact me and should use those avenues instead of bullying their way back into my home via the telephone.
